

INC, BJP complain against 'IM's involvement'

IMPHAL, Apr 6 : Both Congress and BJP have lodged complaints with the Election Commission of India saying that NSCN-IM cadres and leaders have been openly campaigning for the NPF candidate in Naga dominated areas of the State apart from threatening village chiefs.

According to information received from the office of the Chief Electoral Officer, the complaint letters have been received at the CEO's office and it has forwarded the letters to the Election Commission of India and the Ministry of Home Affairs.

The complaint filed by MPCC general secretary (administration) Manga Vaiphei asked the authorities concerned to take up stringent security measures in Ukhrul, Senapati, Chandel and Tamenglong so that voting in Outer Manipur P/C can be done peacefully.

It also demanded deployment of IRB personnel in Senapati, Chandel and Ukhrul districts so that no polling personnel suffer any unwanted incident.

Meanwhile, 19 polling parties left for their respective polling stations in Tamenglong district today. Six polling parties and 48 polling parties have also left for their polling stations in Ukhrul and Churachandpur districts respectively. Polling parties for Chandel and Senapati would start moving from tomorrow.

On the other hand, the CEO has sent a proposal to the ECI to allow cadres of seven UG groups which have signed MoU's with the State Government and Government of India cast votes through postal ballots.

Notably, the ECI has already given its consent on allowing cadres of UG groups under SoO pact cast votes through postal ballots.

But why did the BJP and Congress are not complaining to EC regarding KUKI UGs openly supporting Congress in outer Manipur/...they are only complaining about the I-M supporting NPF bcos they feel that NPF candidate is likely to win the MP election..

Hence this MP election for the nagas is NPF will be the best bcos our enemy has deadly against our unity and common platform ideas
